A color photograph of a shirtless man with dark hair and a beard, standing in a swimming pool. He is holding a clear plastic bottle with a dark label and a red cap. A woman with long dark hair is leaning over his shoulder, her head resting on his shoulder. She is wearing a dark, patterned bikini top and dark swim trunks. The background shows the edge of the pool and some blurred buildings in the distance.

# THE POOLMAN CUMMETH

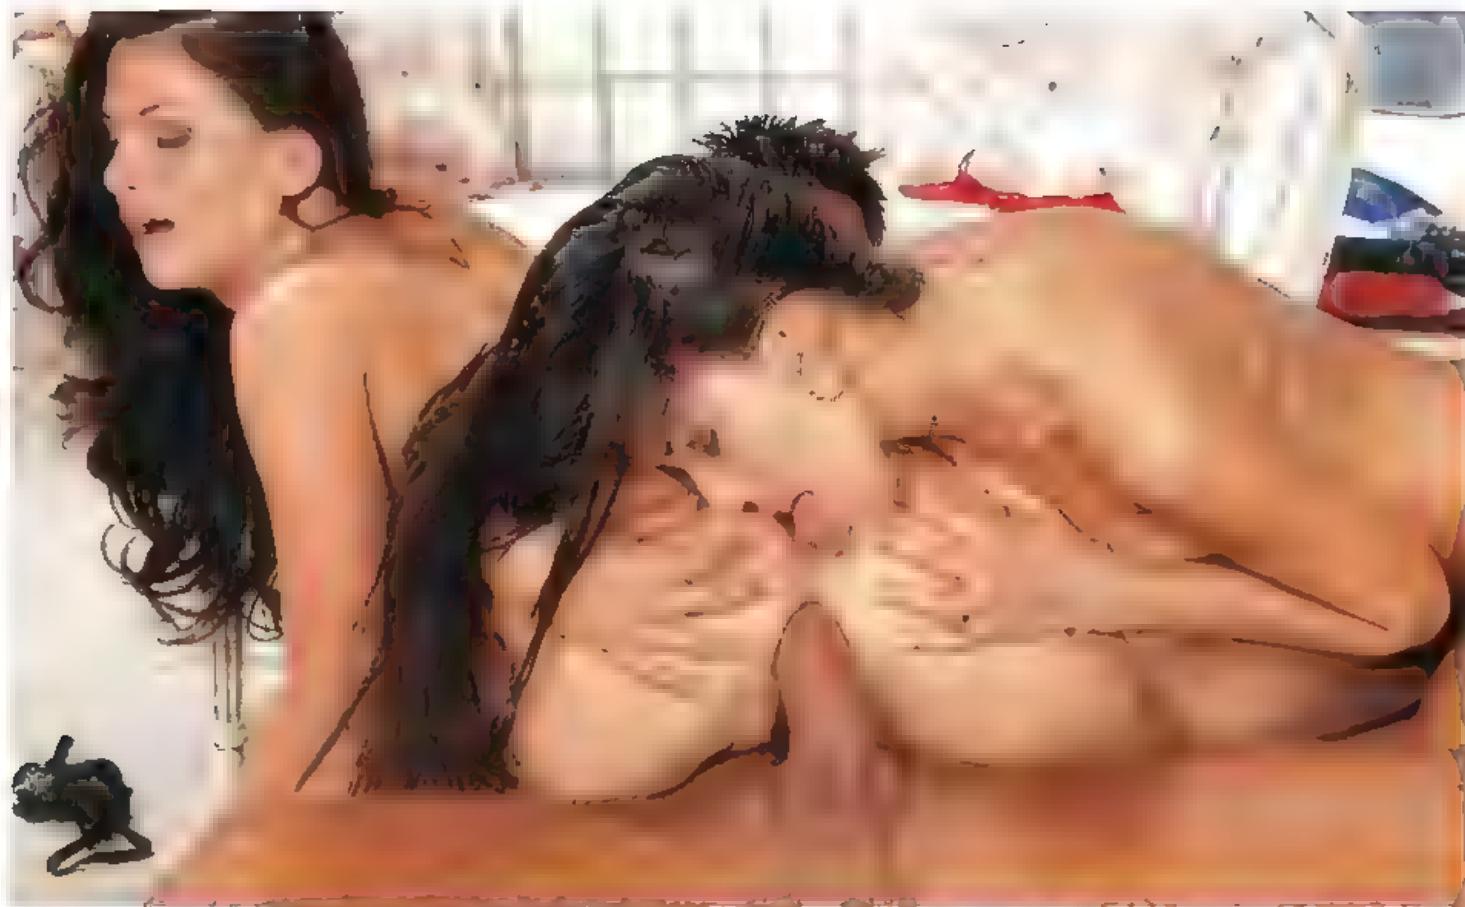

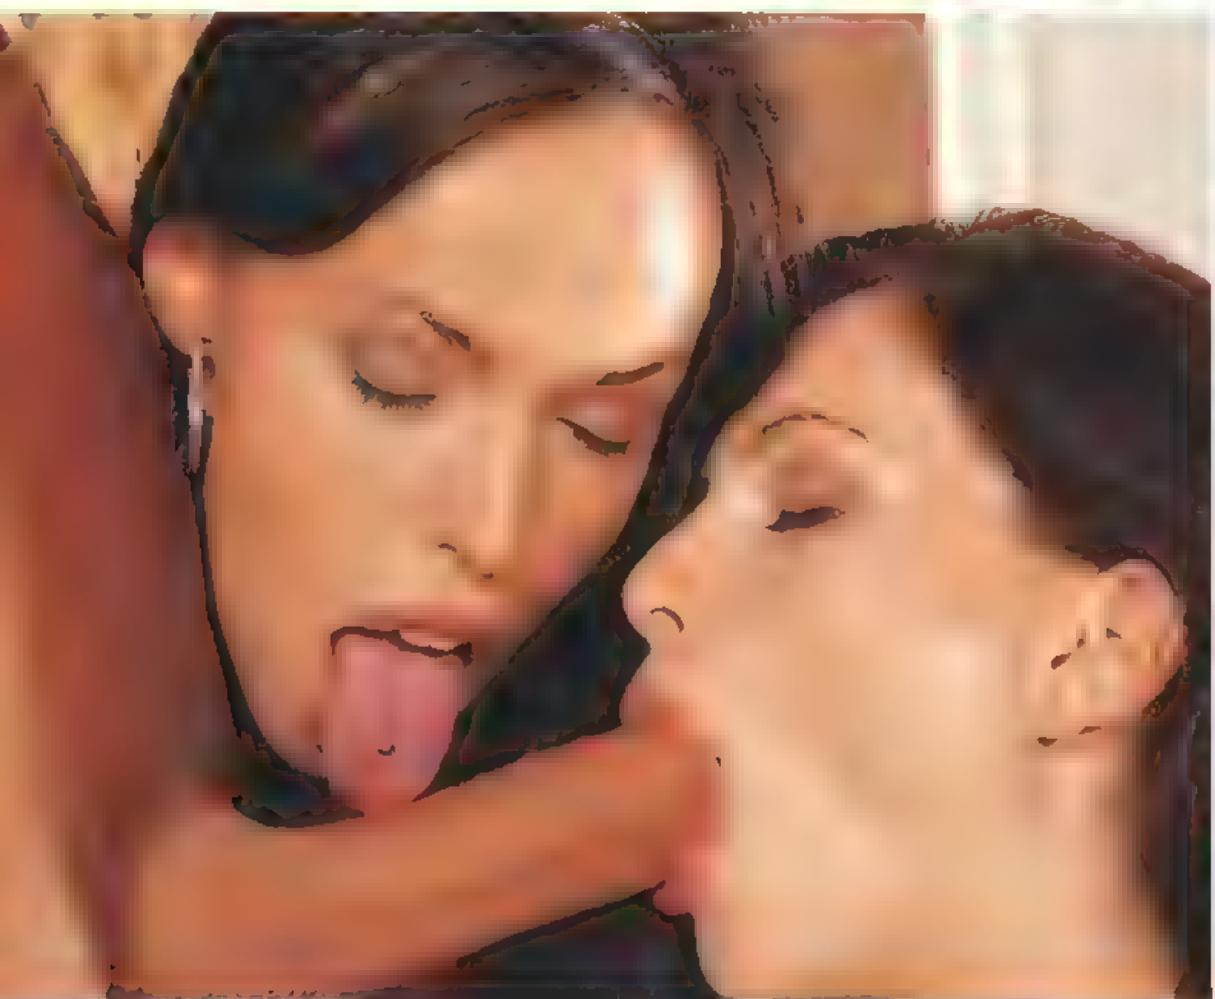

Jess.ca  
Forentino and  
her pal Carlotta  
pooled their  
resources to  
rent a spacious  
canyon home  
when they  
spent a month  
in Los Angeles  
recently, shoot-  
ing a series of  
X-rated films  
One of the  
perks of living  
there is the  
Olympic-size  
swimming pool,  
which comes  
with its very  
own weekly visit  
from Victor, the  
pool-cleaning  
man. And as  
Victor quickly  
discovers, one  
of the perks of  
his job is pay-  
ing a weekly  
visit to the  
house where  
these two sluts  
are staying. He  
might as well  
forget the rest  
of his rounds  
this morning  
'cause Jessica  
and Carlotta  
are in the mood  
to suck on  
some hard  
cock—and he's  
been elected!

These chicks have no pity. On their days off from fucking on porn sets without a few studs around to fuck their brains out and splatter their tonsils with jizz, they feel totally deprived. So they're not gonna let poor Victor do his job, and they're not gonna stop sucking on that big cock of his until they've both gulped down their daily allotments of cum. The problem of course is that if one girl gets him to come in her mouth, she's sure as hell not gonna share it. Which means Victor will have to work up a whole new batch!

Now and then to keep Victor from wandering off to do his job at the pool Jessica and Carlotta let him lick and stick his cock into their juicy pussies, but it's only a stalling tactic to keep his cock at the ready so that they can slurp on it some more. Each girl sucks on it as hard as she can while she slicks a finger up Victor's ass or strokes his balls, in hopes that he'll anoint her throat with his steamy jizz. But neither girl can make him reach that final blasting point, at least not till they decide to share him one last time and put both of their lips close to the head of his cock. Only then does he squirt in both girls' mouths!

# ROMA HOLIDAY

Her Roam n Lips  
Kssea Ana Caressed  
Every Inch Of His  
Cock, His Hairy Bals  
Ana His Asshole!

Ladies who visit Rome without a husband or boyfriend can find Italian romance on any street, but the ritzy Via Veneto is especially great for picking up young men who look like gigolos. That is because many of these men are gigolos, hoping to fulfill the dreams of lady tourists

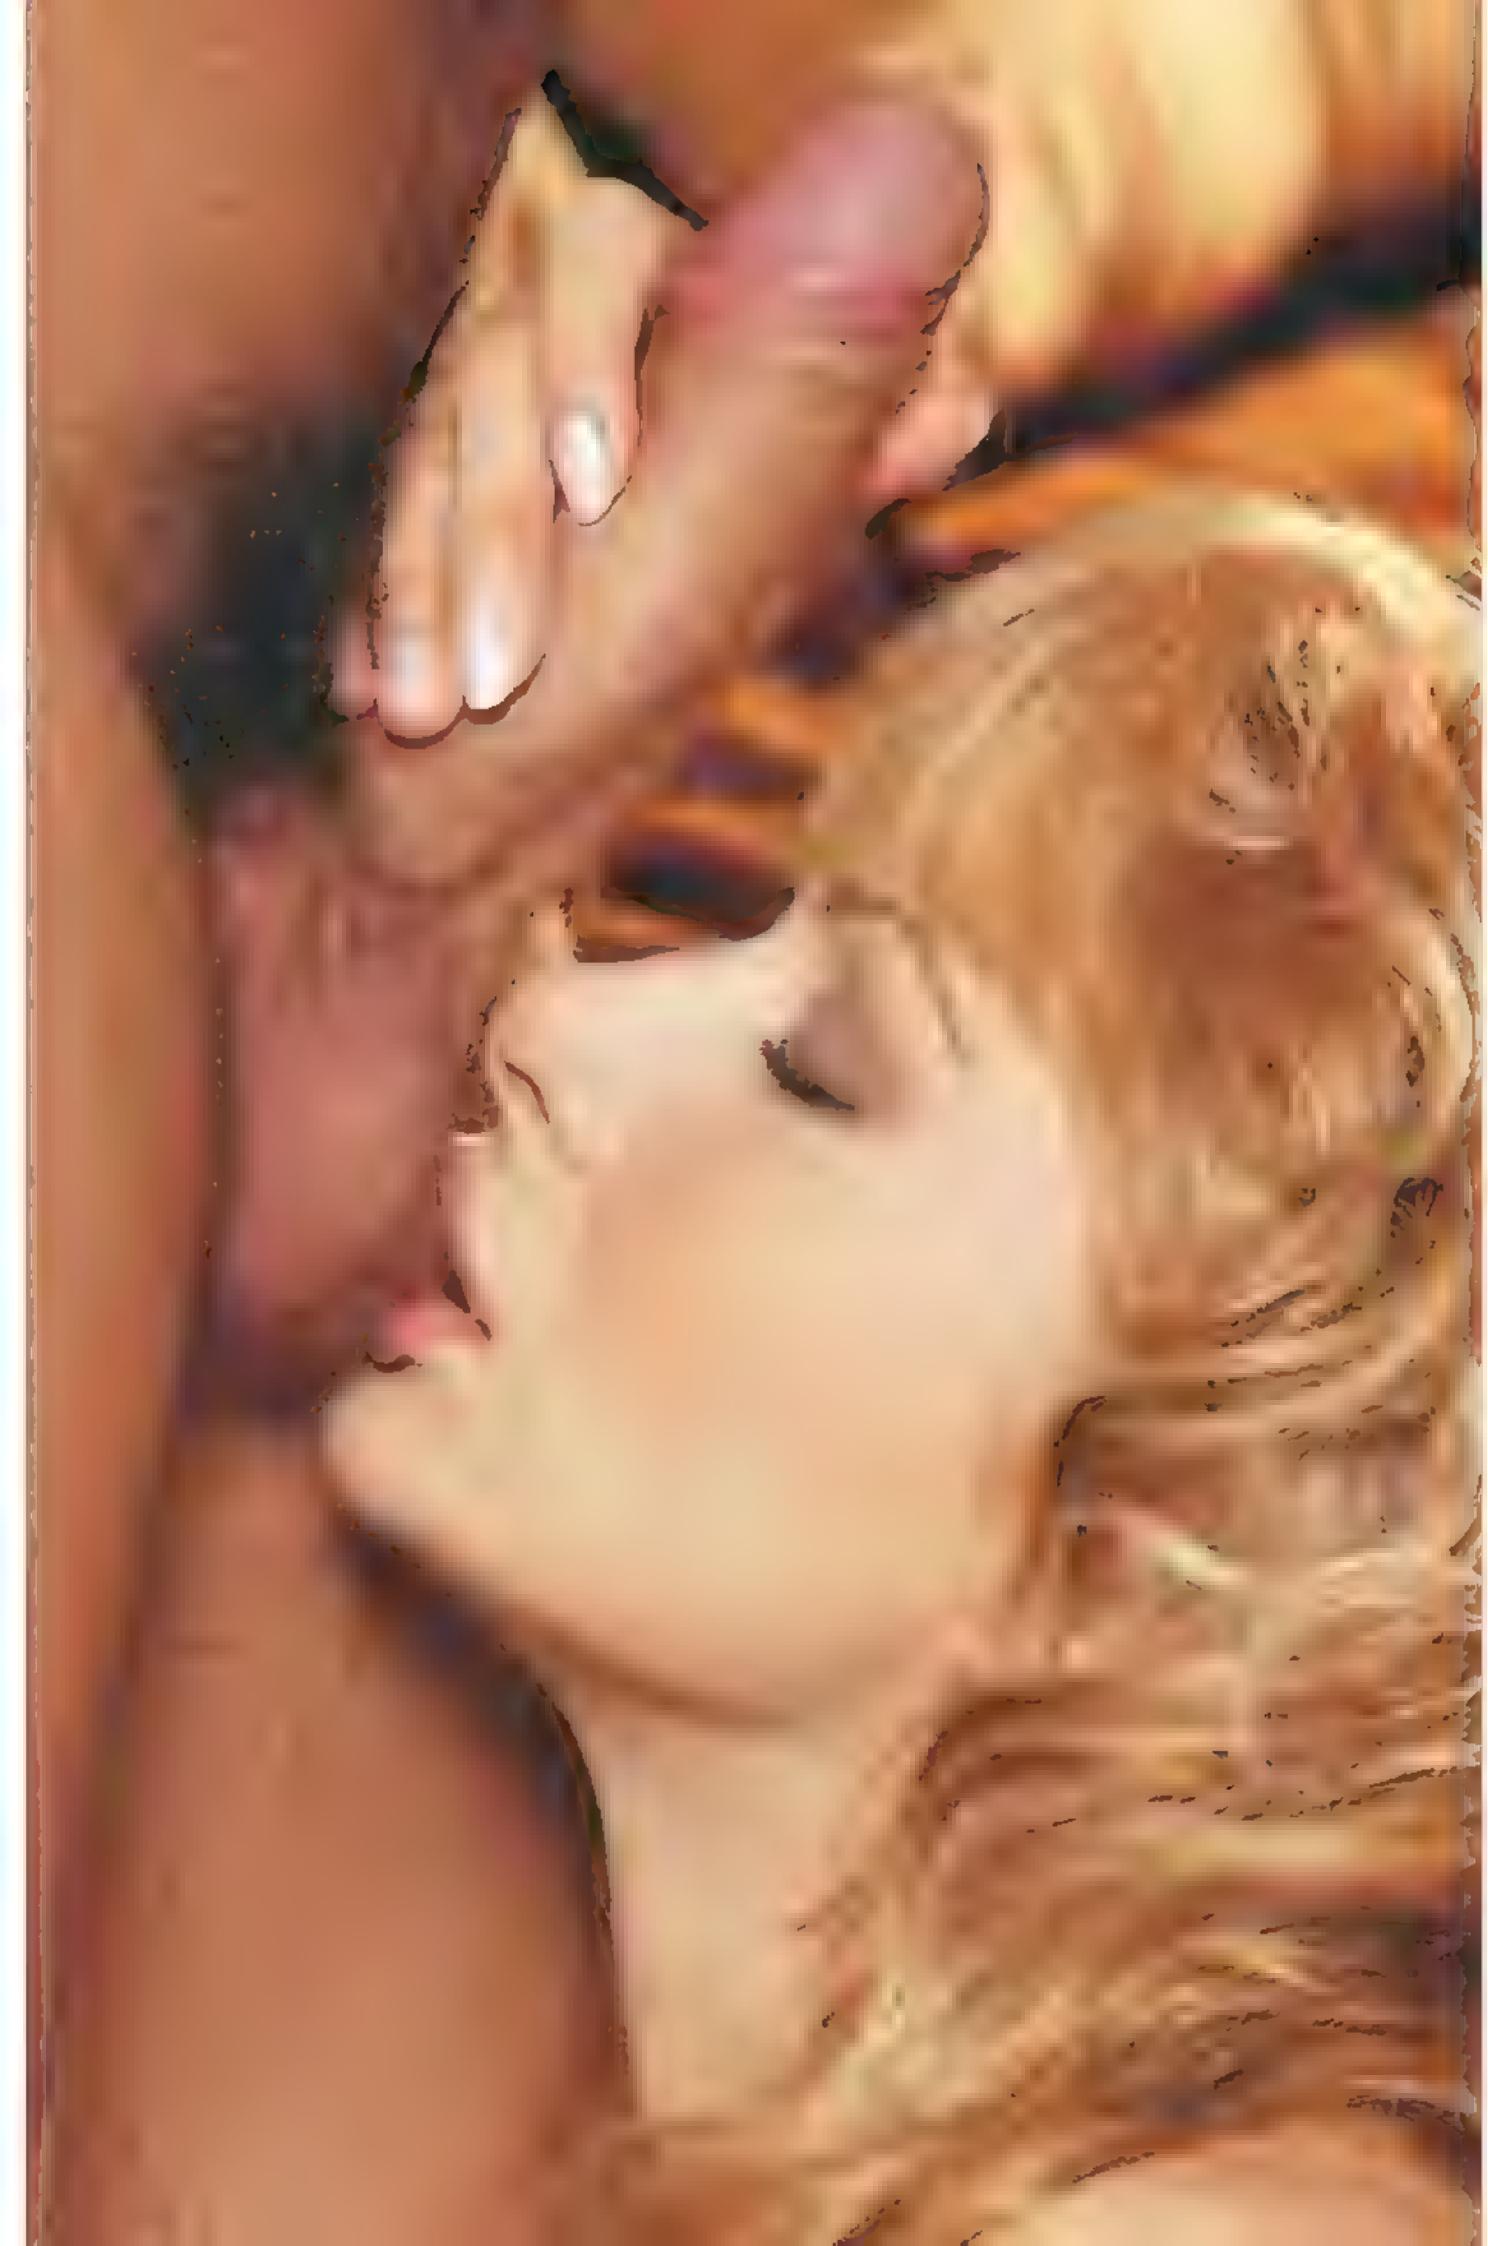

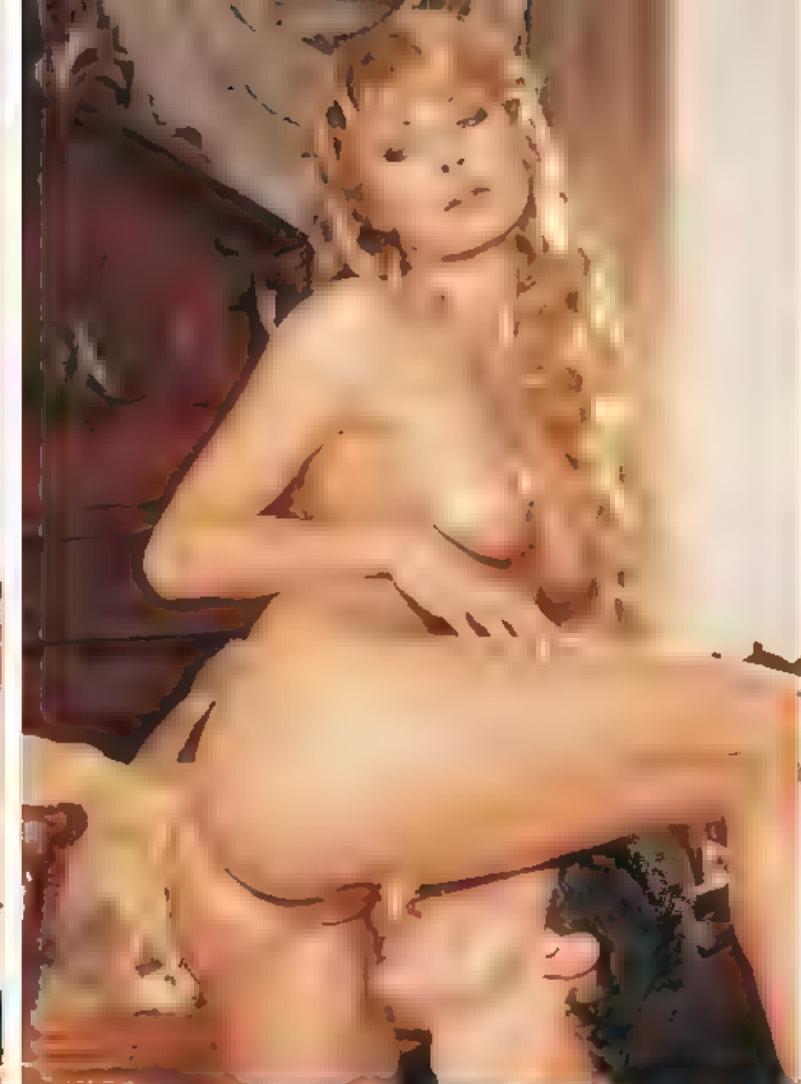

Back home in Boise, Lea is a quiet school teacher forced to endure the constraint of propriety and the attentions of a dull boyfriend she keeps around for company more than anything else. In fact, outside of an occasional handjob, along with a blowjob one night when she was tipsy

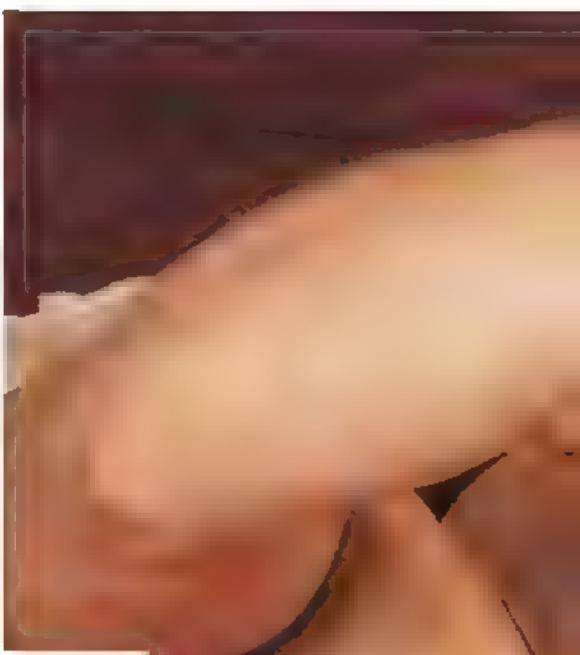

Lea hasn't yet had sex with him. But when she takes off without him on her summer vacation to the Eternal City Lea feels relieved of a constraint. She strolls down Via Veneto like a wealthy tourist, dressed more provocatively than she would've ever thought of doing back home in Boise

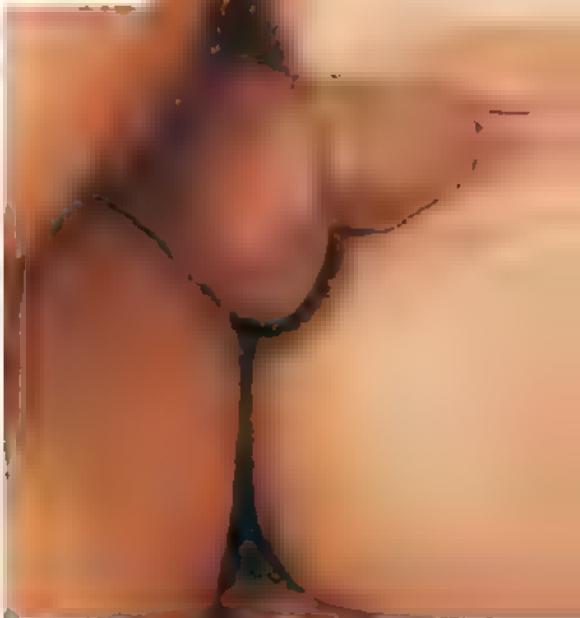

When Lea meets Ramon at a sidewalk cafe, he speaks very little English and she speaks no Italian beyond *buon giorno* and *non capisco*, but their body language does all the talking anyway. She hurries

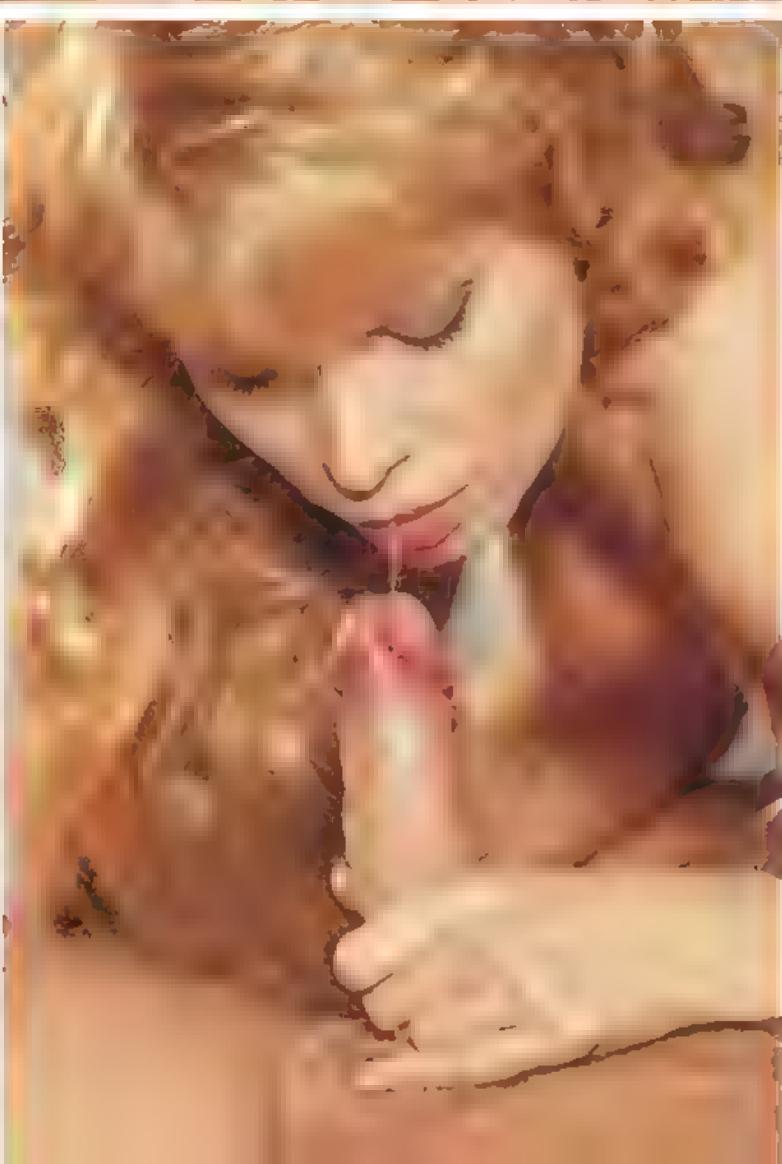

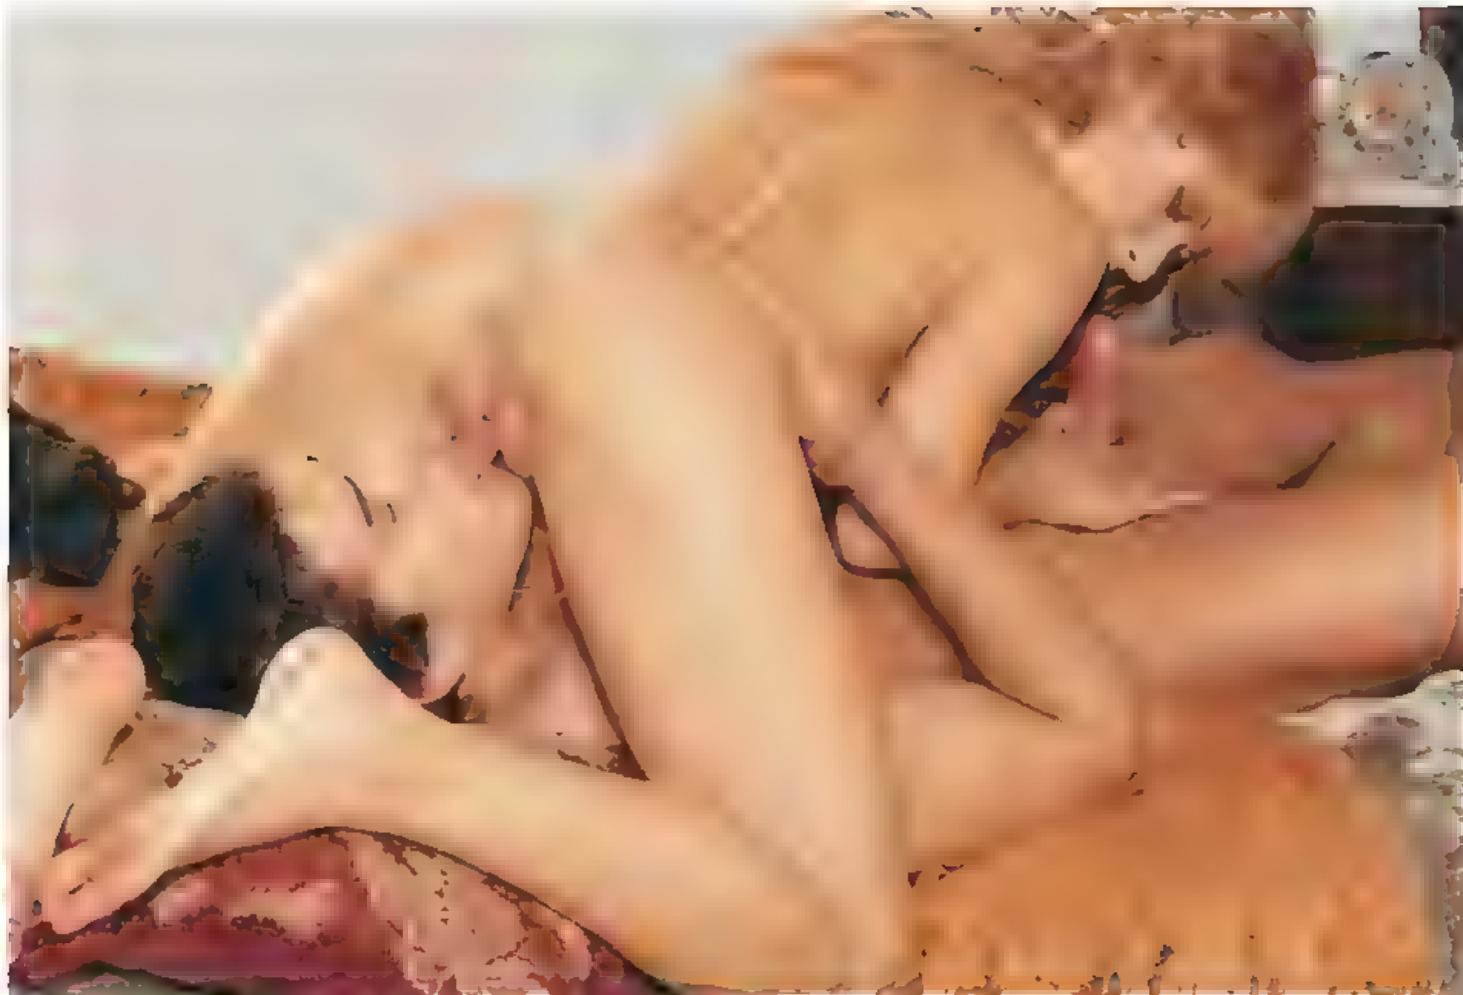

him back to her camera (that's Italian for room) at the hotel because she knows that today she can indulge every dirty fantasy hiding in the depth of her imagination. She can worship his cock all day long

Lea has truly discovered an Italian sister inside her that she never knew existed. This other Lea is a woman who doesn't rest her cravings. She sucks on his cock like she has never sucked before and even explores his body kissing his balls and licking his asshole. And when she's ready, she surrenders herself to Ramon's desires and obediently allows him to do anything he wants, no matter how dirty she feels while she's doing it. In fact, the dirtier she feels, the better she loves it. This sexy Roman holiday may never end. *Arrivederci* Boise, Idaho!

## SEX SECRET REVEALED!

# HOLY SHIT! 3 Times in One Night?!

## SECRET "Sex Serum" Exposed!

Are you the type of guy that women brag about - THAT "One Guy", the one that "rocked her world"? Now be honest, is that guy you? If not, I may have the secret answer that's been apparently keeping the "industry" guys at the top of their game for years. Check out this letter I received (from a chick none the less).

**To the Editor:** I don't usually write into magazines (especially mags like this), but after uncovering this amazing secret, I just had to blow the whistle on this stud. I know every girl says this, but I've only been with a handful (or maybe two handfuls) of guys sexually. And to be honest, a one night stand is a pretty rare occasion for me. But after partying with this guy for a couple of hours and grinding up against him I just had to get a glimpse at what this guy was packing.

Well, after heading back to his place, let's just say it got a little crazy. He made all the right moves and the sex that followed may have actually destroyed it for every other man! His cock was so completely hard and BIG. And his staying power was insane. Holy shit! I must have had 5 or 6 orgasms after being ravaged 3 times in one night. Now I've been with a couple of guys that performed well in the past. I know one of them was using Viagra, and the other a topical called Maxoderm (which also works pretty well). But hands down, this guy was the "chan p". I mean he performed sexually like a pro! So between the size of this guy's junk and the fact that he pounded me for nearly 4 hours, I just had to ask what this super stud was using to rock my world.

Well, after bribing him with some return "favors" he finally fessed up. Surprisingly enough, it was also a topical... like Maxoderm but better. He referred to it as his "secret sexual serum", better known as **PROMAGNUS**. And, get this, my super stud also owned up to being an adult film star! He claims that he'd never be able to perform at his job without the help of **PROMAGNUS** and that it maximized size while helping him to "recover" faster and do it more often (I'll say!). He even said that ALL male stars he knew in the industry use it. "What do you think, we have the super human ability to fuck like that naturally?"

So next time you think that these "super" studs are plugging away on screen with little or no help, THINK AGAIN! They obviously need help like everyone else. So now the secret's out of the bag! I recommend **PROMAGNUS** to any man looking to perform like a porn star. I know that I'll never let any man that I'm with have sex without it again.

Sabin

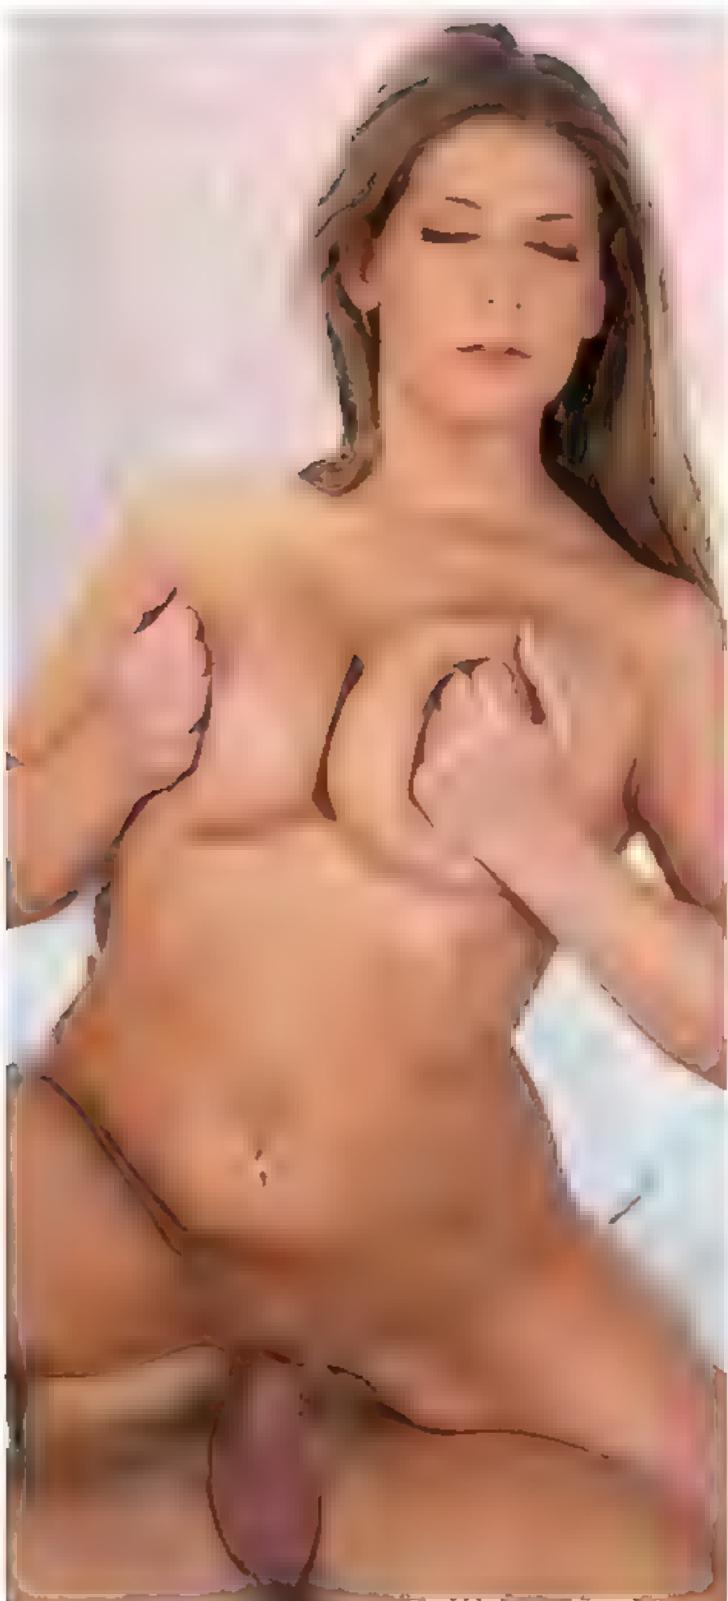

A few weeks ago we introduced Sabina. Sabina is new to the pages of Gent. She's also quite a mystery. When we received these steamy photos we knew we had found a new, potentially explosive, fifty model. Unfortunately there was no bio in the package, only a name, so our staff went to work researching the background of this succulent, busty angel, and here's what they came up with. It seems that Sabina was born in Czechia approximately twenty years ago. Her family did not fare well after the fall of Communism and out of sheer desperation Sabina went to work doing advertisements and calendar lay-

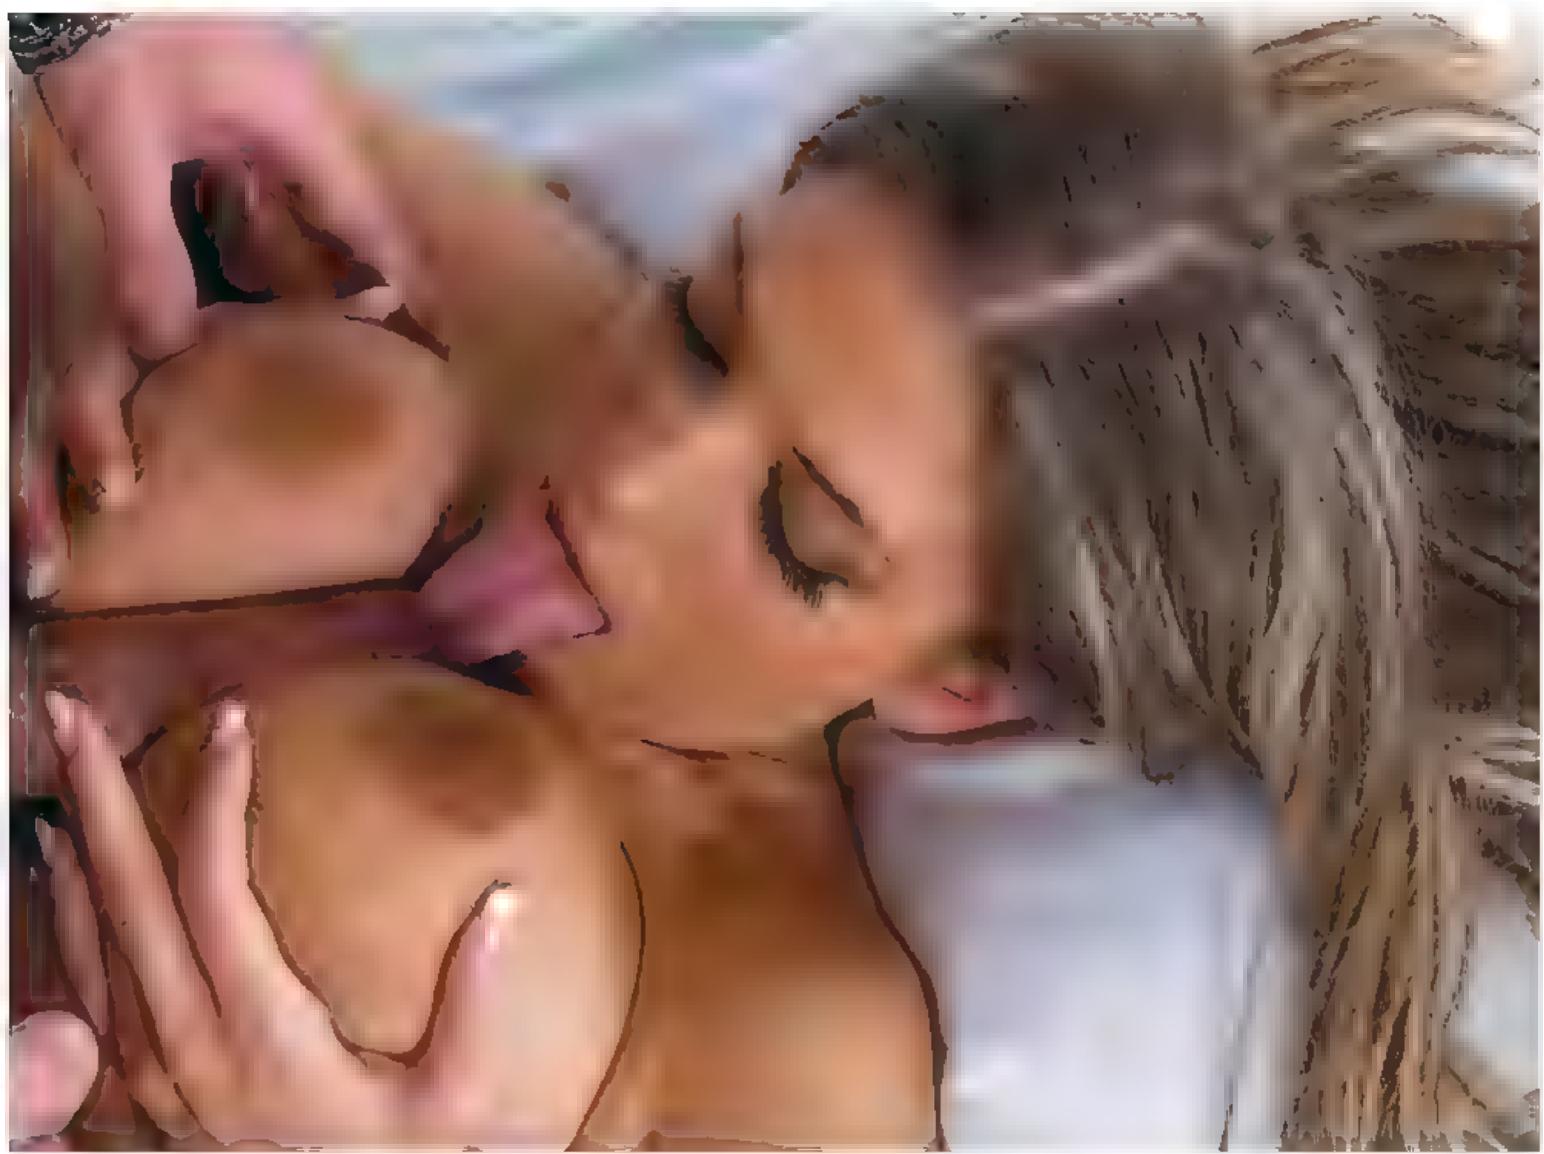

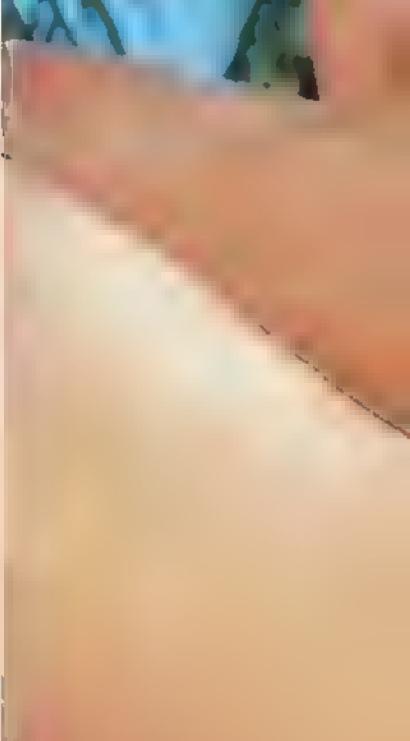

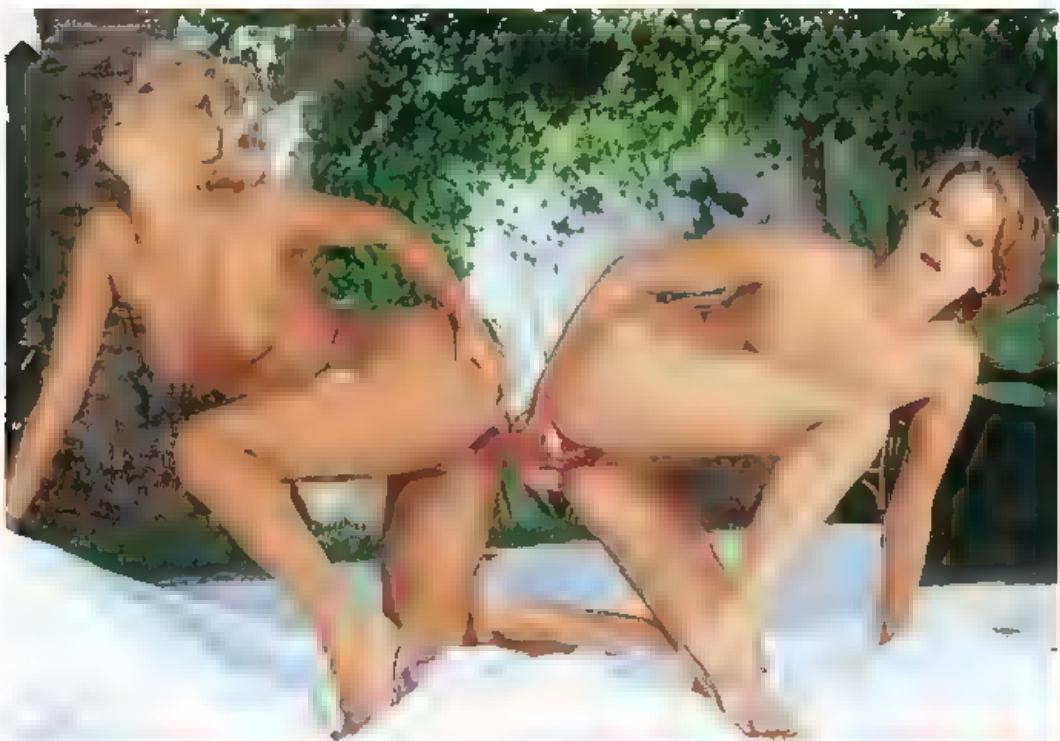

outs for a local photographer who had connections to some western markets. Our sources tell us that this was a very courageous act for Sabina because her inherent shyness made posing, even in a swimsuit, extremely uncomfortable. Somehow Sabina's pictures came to the attention of European adult film producer, Herscal Ranos, and he was able to convince her to expose her bountiful lovepillows for his all-seeing lens. Sabina was apparently a quick study. Within weeks she was performing her first fuck scene on tape! She supposedly made a few X-rated movies for Ranos that were never released in America, before saving up enough money to move both herself and her family to the States. She immediately began sending out her portfolio. We realize that this entire story sounds like something out of a spy movie, but here are the pictures to prove it. Welcome to America, Sabina. Don't be a stranger.

If you ever wanted to experience what it is like to be on the set of a porn flick and see just what went into making a hardcore movie, you need to look no further than the "extras" menu on a number of XXX DVDs that offer a "behind the scenes" feature. These "making of" segments are gold mines of information, and offer a fascinating insight into the people and the process of the adult movie business.

ADULT FUN

By Dan Brown

Behind the scenes adult DVD extras provide hardcore porn fans the opportunity to get closer to the movies that they love and give those with aspirations of making a career for themselves in adult cinema an education in what it takes to make dirty movies.

What DVD extras teach you most about the porno business is how important the role of the male talent is to making the scene work. While watching the final cut of an adult movie, the man comes across mostly as an empty-headed hunk who won nature's phallic lottery. Because of this, most smut fans become convinced that all it takes to be a porn actor is a big dick and a chiseled physique (or in Ron Jeremy's case just a big dick). However, a look behind the scenes reveals the full picture of what the men bring to the smut fuck table.

In *Teens With Tits #4* (Dabco), the female cast is comprised of a host of hot teen whores who get blasted in the ass by some of the biggest cocks in the adult world. And while their minds are willing, their young virgin asses have to be warmed up and prepped before attempting to accommodate the big dongs of their costars. The responsibility of getting these girls loose and able to shoot long back door action scenes falls on the shoulders of the hard-on-toting man on the set.

In the behind the scenes extra for *TWT4* we get to watch director Sal Genoa and his male star coach Euro-teen Holly Wellen on how to relax her muscles and breath in order to receive a major teenage ass fucking. At first Wellen seems to doubt whether she can handle the massive pube up her backdoor. But with a little encouragement and hand holding the blonde Brit finds herself moaning along to the sound of balls snapping off her ass.

The absolute highlight of the ass training segments comes when Brian Pumper warms up southern teen Bailey Buttahole by popping his cherry tip into her virgin anus. Her expression goes from shock to deeply aroused as Pumper parks his entire chocolate stick in her rectum, and just when the pain gives way to pleasure, Genoa seizes the moment and yells, "Action!"

The hardest scene to shoot in dirty movies is the DP. It takes the coordination of four people: three actors and the cameraman to turn porn's raunchiest sex act into an on-screen work of art. Once again, it's the male talent who must take the lead to make the DP possible for the actress and entertaining for the viewer.

In *Give Me Gape #2* Acid Rain's leggy blonde Lauren Phoenix engages in a whorish power trip invasion that is as hot as any three-way romp in recent memory. The behind the scenes feature on the disc takes us onto the set for a glimpse at how that scene was shot. As the actors are setting up for the shoot, Phoenix, who had only been in the business for 18 months at the time, admits that she is not used to doing this kind of thing on camera. She asks for extra lubrication on her ass and then requests having her butt fucked solo for a few minutes before taking the second cock in her vagina. When the scene begins, one man will be between her legs while the other has his dick in Phoenix's mouth. So, as Phoenix is having her ass primed for the scene, the two male stars set a plan for how they both will end up below Lauren's waist and then maneuver their dongs into her holes. When the plan is set and Phoenix feels she is ready for the double dose of meat, the actors take their places and the scene begins. Once the cameras are rolling, the men make their moves flawlessly and Phoenix takes the double penetration like a seasoned pro.

Going behind the scenes also provides porn fans the chance to watch a scene from the director's new point of view. As director and part cheerleader, the director has to create an atmosphere that is sexual and creative to make the actors forget about the lights and crew and focus on making their sex appear to be spontaneous and erotic.

Celebrated smut director Chi Chi LaRue allows us a front row view to his creative process in the behind the scenes extra for his '05 bizarre-erotic smash *Pretty Mess* (Vivid). LaRue talks starlets Monique Alexander and Anna Cruz through their girl-on-toe fuck scene, putting his vision into words and bringing it to life before the camera. Chi Chi introduces a man into the scene and directs Cruz to guide his straining meat into Alexander's pussy while reminding both ladies to "keep the cock straight up" for the camera. We are also taken onto the set for the kinky Asan-tang threesome starring Mia Smiles and Katsuni. LaRue lays out his surreal concept in his patented flamboyant style, as porn fans get a rare opportunity to see how one of the most in-demand directors in modern porn works to pull a powerful perfor-

stripping out of their clothes and talking about anything from life in their country to their sexual likes and dislikes. These interviews add to the erotic thrill that comes with teen porn while also adding the purpose of helping the viewer connect with the on screen talent.

Outtakes and deleted footage from the story-driven scenes in an adult movie often humorously call attention to how uncomfortable some porn stars are with delivering dialogue or staying in character when performing non-sexual acts before the camera.

*X Marks The Spot* (Vivid), Kelli Tyler plays the role of a phone sex girl who is giving a caller a play-by-play description of the tongue bath Franco De' Torro is laying on her cunt. In the actual scene there are many quick editing cuts between Tyler and the caller (who is also describing the blowjob he is getting from Dani Woodward), and when checking out the behind the scenes extra on the DVD it becomes obvious why this was the case. Kelli Tyler was completely out of her element having sex with the phone receiver in her hand, and was lost when it came to putting the action into words. This left the director with very little usable footage for the scene, and if you go back to watch the entire scene again you'll notice that the same two lines from Tyler are used over and over again.

The opening scene to *Hooligans* (Powersville Inc.) finds Hilary Scott throwing a brick through a store window before speaking a line of dialogue into the camera, then taking off running. As the star of this flick, Scott turns in some amazing fuck scenes that look as hot and natural as anything caught on tape this year. However, a trip behind the scenes shows that what appears to be a very simple opening to the movie was the hardest piece of *Hooligans* to shoot.

The scene is taped in three shots, Hilary throwing the brick into the glass, her saying a line of dialogue into the camera and finally her fleeing the scene of the crime. In the disc's extras feature we get an up-close peek into what a daunting task it was to get Scott to stay in character in each of the shots

and how much of the *Hooligans* production time and budget must have gone into shooting the "non-porn" parts of a porn flick.

Whether you are considering a career in the business or just curious about the adult movie making process, the extras on your dirty DVD will provide you with a crash course in Porn 101. □

mance from his cast

In recent years, the pre-bang interview with the girl du jour has become a frequently used device employed to help create a stronger connection between the star and the viewer. However the Q&A is generally geared toward the girl talking up how much she loves sex and can't wait to be plugged with hardened manhood. At the same time DVD extras are chock full of "off set" interviews that give the viewer a better idea of where these girls are coming from. The biggest contrast between interviews with porn stars done in and out of "character" can be found in the teen genre.

In *Swank XXX #3* (Swank Digital) extra features include auditions with the female talent. Instead of appearing in trashy fetish wear and heavy makeup that leaves even a teen actress looking like an experienced slut, we see these young Euro-teens in their everyday girl next-door jeans and t-shirt. As the segment plays out we watch them

stripping out of their clothes and talking about anything from life in their country to their sexual likes and dislikes. These interviews add to the erotic thrill that comes with teen porn while also adding the purpose of helping the viewer connect with the on screen talent.

Outtakes and deleted footage from the story-driven scenes in an adult movie often humorously call attention to how uncomfortable some porn stars are with delivering dialogue or staying in character when performing non-sexual acts before the camera.

*X Marks The Spot* (Vivid), Kelli Tyler plays the role of a phone sex girl who is giving a caller a play-by-play description of the tongue bath Franco De' Torro is laying on her cunt. In the actual scene there are many quick editing cuts between Tyler and the caller (who is also describing the blowjob he is getting from Dani Woodward), and when checking out the behind the scenes extra on the DVD it becomes obvious why this was the case. Kelli Tyler was completely out of her element having sex with the phone receiver in her hand, and was lost when it came to putting the action into words. This left the director with very little usable footage for the scene, and if you go back to watch the entire scene again you'll notice that the same two lines from Tyler are used over and over again.

The opening scene to *Hooligans* (Powersville Inc.) finds Hilary Scott throwing a brick through a store window before speaking a line of dialogue into the camera, then taking off running. As the star of this flick, Scott turns in some amazing fuck scenes that look as hot and natural as anything caught on tape this year. However, a trip behind the scenes shows that what appears to be a very simple opening to the movie was the hardest piece of *Hooligans* to shoot.

The scene is taped in three shots, Hilary throwing the brick into the glass, her saying a line of dialogue into the camera and finally her fleeing the scene of the crime. In the disc's extras feature we get an up-close peek into what a daunting task it was to get Scott to stay in character in each of the shots

and how much of the *Hooligans* production time and budget must have gone into shooting the "non-porn" parts of a porn flick.

Whether you are considering a career in the business or just curious about the adult movie making process, the extras on your dirty DVD will provide you with a crash course in Porn 101. □

# TWO SIDES OF SIMONY

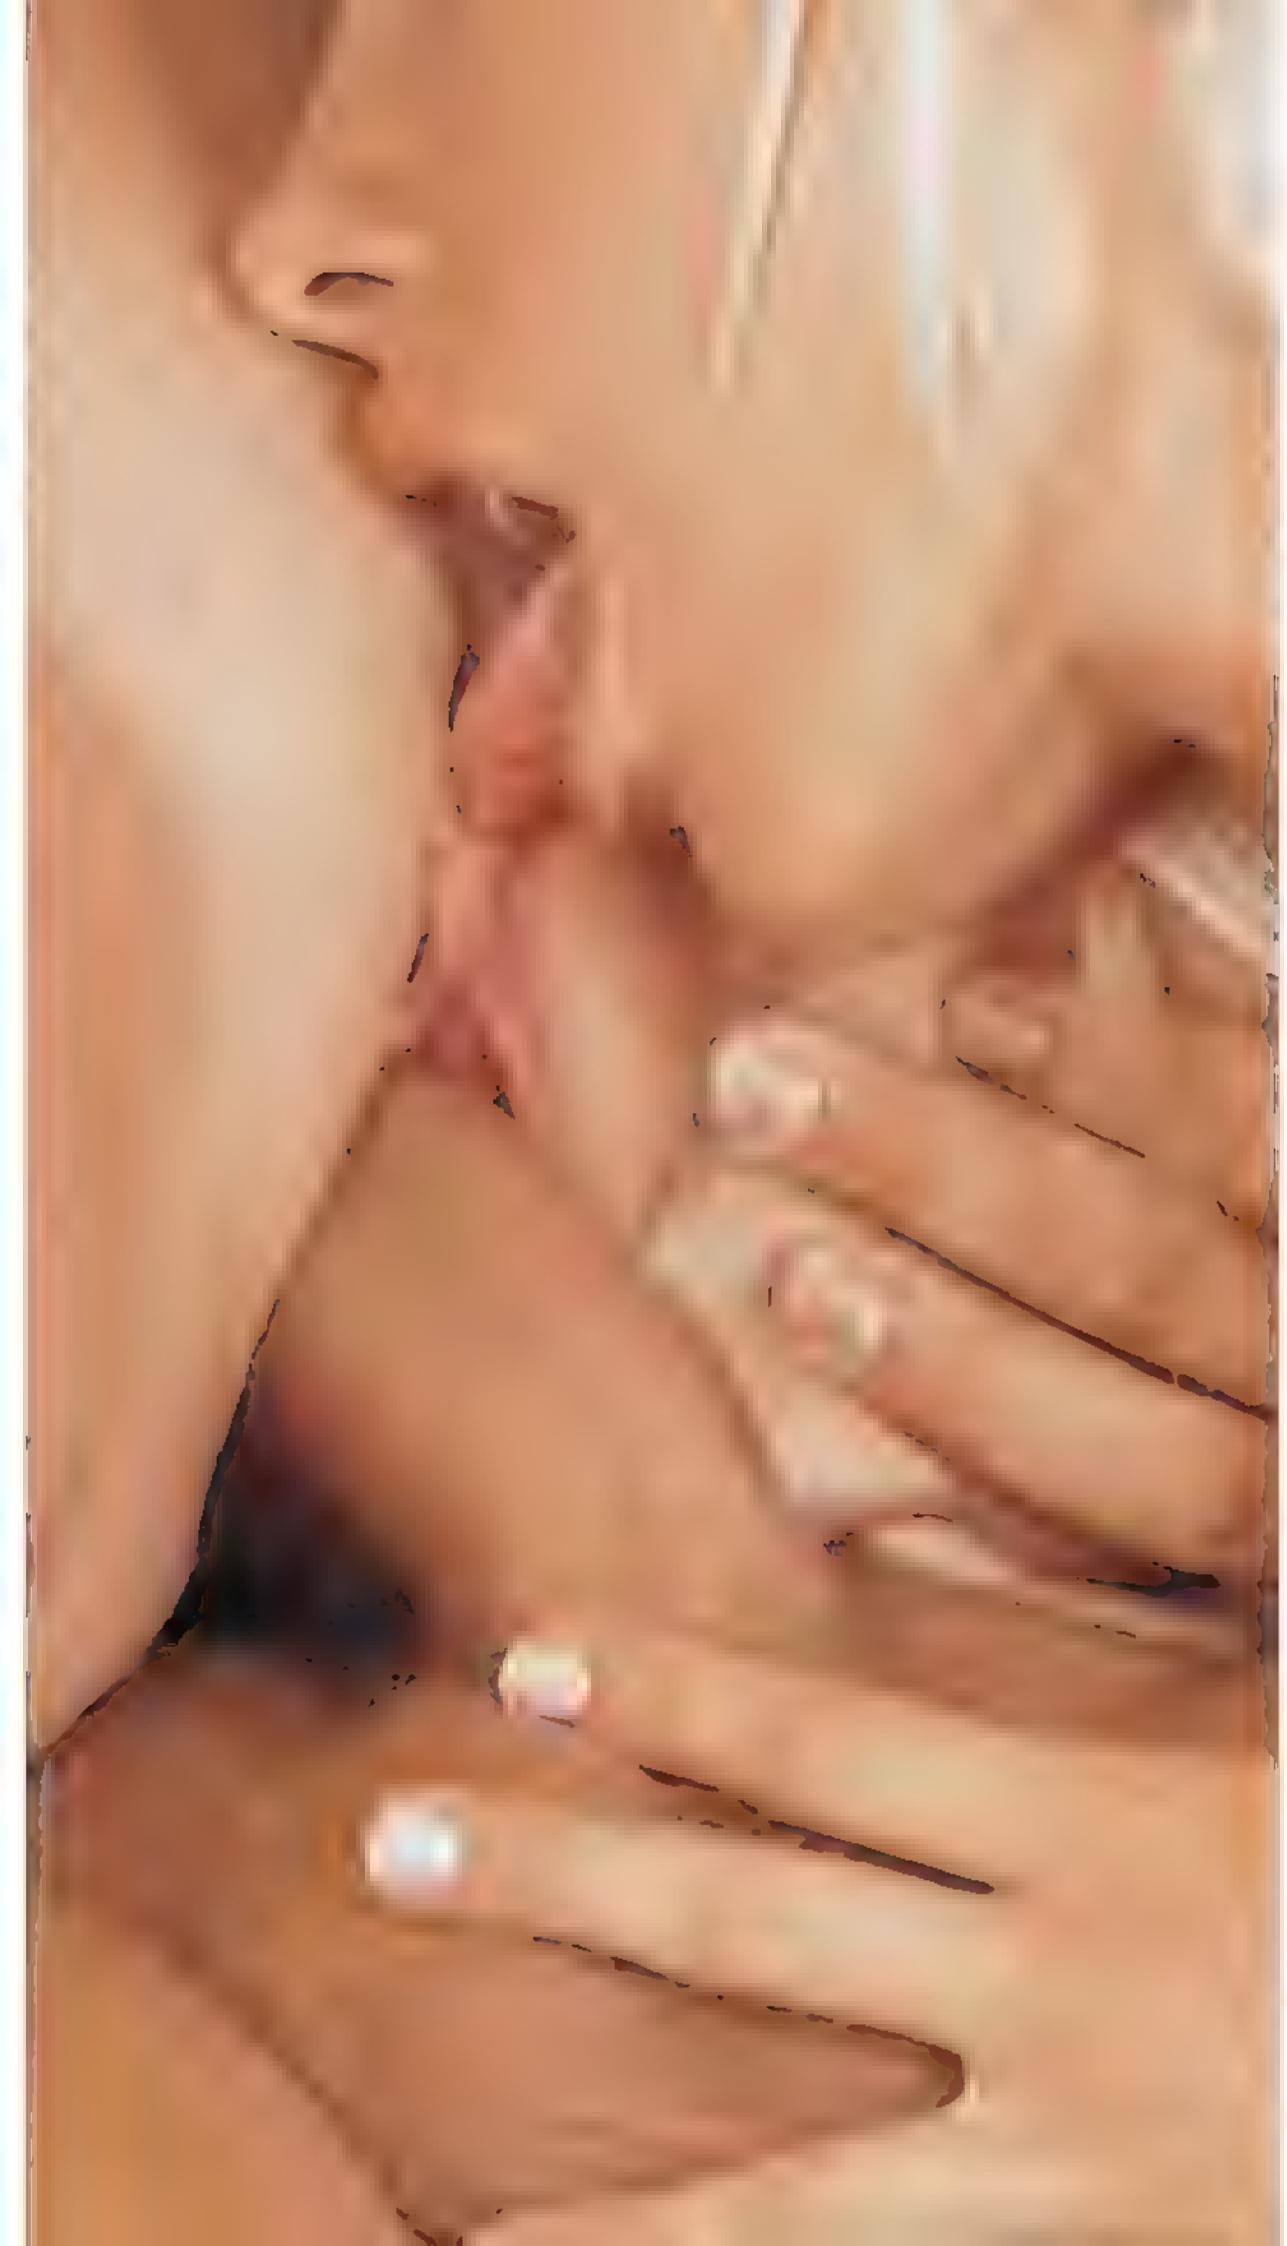

When Tris Parr Star Sets Her Bone to Pain Sandy Up With Big  
Frank She's Determined To Get Between Them

No sooner did Simony set Sandy up with her ex-boyfriend Frank than she began having second thoughts. After all, a guy with a big fat cock doesn't come along (or come inside her) every day. Besides, when she saw the two of them gazing into each other's eyes and touching each other it set off both her erotic trigger and her competitive urges. Simony was determined that Sandy wasn't going to have Frank all to herself, not if she could help it. Besides, that huge cock was too much for just one girl!

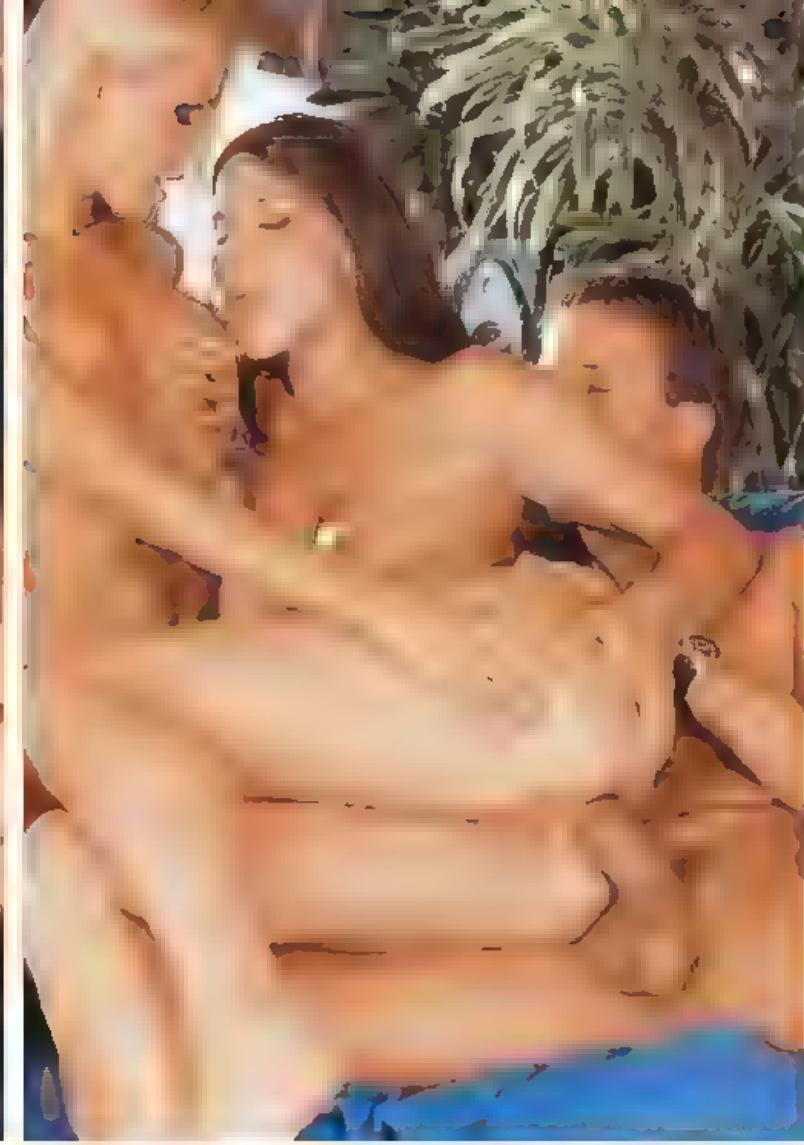

Simony, always manipulative in her sexual life, sure knows how to get between her lovers. As long as she's in the middle of the sex sandwich, she gets to feel the heat and delicious wetness from both sides- front and back, male and female. When Frank's tucking her from behind, she can enjoy the sensation of Sandy's hot tongue on her nipples at the same time and when Frank's facing her as he stuffs his cock deeper inside her, she can feel Sandy's tongue flicking against her asshole.

Best of all, Simony's very favorite sexual sensation is feeling Frank halfway up her ass while Sandy licks her clit. Pure joy doesn't come along like this too often. Even the heat of Sandy's face against her thigh is turning her on. It never even dawns on Simony that Sandy is having as much fun as she is, because Sandy's fantasy has been to lick Simony's pussy. Needless to say, Frank's not complaining too much either.
